KIDZ ART

Students will be introduced to the delightful world of creative arts. Art is all about feeling the freedom to take risks, to explore the unknown, and to trust your own judgment. When you are free to dream, you find the power to create. KidzArt places a strong emphasis on creating the right classroom environment where individual performance is greatly enhanced by a sense of safety and well-being. Although KidzArt programs are based in drawing, students are given a fine arts experience that builds creative thinkers and problem solvers.

During camp students will learn in a non-competitive environment which allows creativity to flow. Students will have the opportunity to have art in their lives using KidzArt's inspiring method and curriculum, increase their skills and knowledge of various art media, learn to draw using a proven format and structure, and most of all have fun while developing a love of art.
