Continuing Efforts

Mayor Kelly Yaede and her administration continue to address issues with Trenton Water Works.

Efforts with Federal Environmental Protection Agency

Since our last update, Mayor Yaede participated in a US Conference of Mayors panel on Water Quality and discussed ongoing issues with Trenton Water Works with a US Department of Environmental Protection Agency official.

Working with Congressman Chris Smith

Mayor Yaede has been in touch with Congressman Chris Smith regarding changes to the federal requirements regarding the notification time frames for emergency water issues.

Private Companies to Help Manage Trenton Water Works

In the past few weeks, Trenton Water Works has begun an emergency contract with an engineering firm, Wade Trim, to assist the water utility with its operations.

The City of Trenton has also contracted with a second engineering firm, Banc 3 Engineering.

Ongoing Efforts

In her recent State of the Township Address, Mayor Yaede assured residents that her administration will be watching Trenton Water Works every step of the way and remain in close contact with the Department of Environmental Protection and the Environmental Protection Agency. Mayor Yaede's entire administration's committed in doing whatever it can to protect our residents and their best interests regarding the quality of their drinking water.

Hamilton to Hold Another Flu Clinic for Residents on February 26th
