

# Road Repairs Schedule for 2009

In total, 16 roads are scheduled for reconstruction or repair as part of Hamilton Township's 2009 Capital Program, which is investing over \$2.6 million in capital budget funds to improve the condition of township roads, as well as nearly \$1 million in Transportation Improvement District funds to improve the road and to install traffic signals at an heavily traveled Hamilton intersection. The schedule below lists the roads to be repaired, as well as approximate start and completion dates.
