## TOWNSHIP OF HAMILTON

### DEPARTMENT OF HEALTH, RECREATION, SENIORS, AND VETERANS SERVICES

DIVISION OF HEALTH – 2100 Greenwood Avenue, Hamilton, NJ 08609 \*Office (609) 890-3884 \*Fax (609) 890-6093

### IMPORTANT

August 2025

Dear Parents/Guardians:

Pursuant to the New Jersey Administrative Code (N.J.A.C. 8:57-4), all child care centers, preschools, camps or school programs must have an updated immunization record of all vaccines on every child **prior** to their admission into the facility. Failure to comply with this regulation puts every child at risk of a vaccine preventable disease outbreak. Please remember to supply your child's daycare/preschool/school with current shot records each time your child gets vaccinated. We are committed to the enforcement of this law in order to assure the health and safety of every individual child in our jurisdiction.

**As a reminder, the seasonal flu vaccine must be received by December 31, 2025 in order for your child to remain in daycare/preschool.** This is a NJ state requirement (N.J.A.C. 8:57-4.19). This requirement applies to children age 6 months-59 months. The flu shot must be given each school year. It can be given from August-December. If your child is excluded they may not be readmitted until April 1<sup>st</sup> of the following year, or until immunized.

Influenza illness remains a serious and unpredictable illness. Children under the age of 2 are susceptible to the most serious complications of the flu along with any children with chronic health conditions.

The Hamilton Township Division of Health offers free flu vaccines for residents each fall during several public walk-in clinics. Flu vaccine is available for insured and uninsured residents. For more information or questions call 609-890-3884 or email [HamNurse@HamiltonNJ.com](mailto:HamNurse@HamiltonNJ.com).
