

Green & Healthy Homes Initiative®

FREE LEAD HAZARD REDUCTION & PAINT REMOVAL PROGRAM

Do you live in a home built before 1978 in Trenton, NJ? Are you a renter or homeowner in a building with no more than 1-4 units? You could be at risk for lead paint hazards that threaten your health and safety.

Lead paint poses serious health risks, especially to young children and pregnant women, including developmental issues and long-term health issues. This free program aims to help eliminate lead paint hazards from your home or apartment, protecting your family's health.

Check the table on the back to see if you are income-eligible.

Scan here to
schedule your free
inspection today and
take the steps to
reduce lead hazards
in your home!
